***Election/Restrictions***

1. Applicant provisionally elects Group I, Claims 3, 8, 10, 12-13, 24, 41, and 51-52, in the reply filed on 02/05/09 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Therefore, non-elected claims 49-50 should be canceled.

**EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended to meet a condition for allowance as follows:

Cancel claims 49-50.

***Allowable Subject Matter***

3. Claims 3, 8, 10, 12-13, 24, 41, 51-52 are allowed.

Claims 8, 24 and 41 are independent claims.

The following is an examiner's statement of reasons for allowance:

**As to claims 8, 24 and 41**, the present invention from the current application discloses a image scanning process for “the movable image sensing unit is moved in the direction opposite to the sub-scanning direction, when a predetermined distance is needed between the one”

document image and the next document image, in order to accelerate the image sensing unit to a scanning speed”.

The closest prior art such as Hsieh et al. (U.S. Patent No. 6236770) and Stein et al. (U.S. Patent No. 5341225), which is recorded from the previous Office Action, either separately or in combination, including an updated electronic text search, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
